# Glucosamine Sulfate & Shark Cartilage

A unique formula containing four natural elements for fighting arthritic conditions. Contains not only glucosamine sulfate, but also glucosamine HCL, considered to be as effective in long term arthritic health. While most research has focused on glucosamine sulfate, some researchers have suggested that a certain amount of glucosamine HCL may be more effective in addressing arthritis than glucosamine sulfate due to its ability to be digested and broken down more easily than sulfate so we included both. Devil's claw and shark cartilage have long been considered powerful anti-inflammatory agents.

*Contains 200mg Glucosamine Sulfate, 200mg Shark Cartilage, 50mg Glucosamine HCL and 50mg Devil's Claw.*

*90 - 500mg capsules per bottle*

# Glucosamine Sulfate

Some consumers want only glucosamine sulfate, so in response to this demand Northern Seas introduced this new product...strictly high quality glucosamine sulfate in a 500mg capsule

*Contains 500mg Glucosamine Sulfate only.*

*90 - 500mg capsules per bottle*

# Glucosamine & Chondroitin Sulfate with Shark Cartilage

Our most popular product to date, this powerhouse arthritis fighter is ideal for all arthritis and tenonitis conditions, reducing inflammation and pain while assisting in the restoration of synovial fluid and the prohibition of the development of damaging enzymes which can break down cartilage and cause permanent damage.

*Contains 200mg Glucosamine Sulfate, 75mg Chondroitin Sulfate, 200mg Shark Cartilage and 25 mg of Devil's Claw. Shark cartilage naturally contains approximately an additional 10% of chondroitin sulfate.*

*90 - 500mg capsules per bottle*

# Saw Palmetto & Shark Cartilage

For those suffering from prostate problems, this brand new formula offers the benefits of both saw palmeto and shark cartilage. Saw palmetto has been shown to be efficacious in increasing male virility and potency, while shark cartilage has been shown to assist in both the remedy and prevention of prostatitis and other prostate problems.

*Contains 250mg Saw Palmetto (25 to 45% fatty acids) and 250mg Shark Cartilage. 90 - 500mg capsules per bottle*

# More to come...

New formulas are on the drawing board and in early 1999 we expect to introduce our most powerful natural product to date: a natural sexual stimulant employing a number of proven natural ingredients shown to effectively increase not only male virility and potency, but also sexual drive. Keep in touch for further details.
